Sub: Regarding Internship from Antennas and Liquid Crystals Research Center (ALRC-R&D)-reg

ALRC-R&D of KLEF has expertise in the areas of Antennas, Microwaves, RF system design, Liquid Crystals applications, and Image processing.

As per the resources available at our center, we are providing internships and consultancy services to students/faculty/industry from ALRC-R&D of KLEF. The students, who are studying in UGC & AICTE affiliated colleges can avail the facilities at our R&D with prior permission from their institute and can process the request through SOLETE.

Thanks, and regards
